Width:

1.500 inches

Thickness:

0.020 inches

Length:

1.840 inches

Attachment Method:

Hole

Basic Shape Style:

Rectangular

Marking Designation:

Legend 1st side

Inscription:

Firing pump mfrs part no.---nsn- --serial no.---assy date--- 1st side

Color:

Black inscription background

Material:

Aluminum alloy

Material Specification:

Qq-a-250/4, alloy 2024, t4 federal specification single material response

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A528w0
