Width:

0.820 inches

Thickness:

0.020 inches

Length:

18.000 inches

Attachment Method:

Hole

Basic Shape Style:

Rectangular

Inscription:

2402-45-250-2552

Special Features:

There is a degree sign after each group of numbers in the inscription

Color:

Natural or white, federal standard 595, 37875 inscription

Material:

Aluminum alloy

Material Specification:

Qq-a-250/1, alloy 1100 federal specification single material response

Surface Treatment:

Anodize

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A528w0
