**Width:**

0.875 inches

**Thickness:**

0.032 inches

**Length:**

3.062 inches

**Attachment Method:**

Hole

**Basic Shape Style:**

Rectangular

**Marking Designation:**

Legend 1st side

**Inscription:**

Mag fil voltage stand by --- volts radiate --- volts 1st side

**Color:**

Black inscription background

**Material:**

Aluminum alloy

**Material Specification:**

Alloy 5005, h34 national specification single material response

**Surface Treatment:**

Varnish

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

No

**Fig:**

A528w0
