Width:

1.350 inches

Thickness:

0.003 inches

Length:

2.150 inches

Attachment Method:

Adhesive

Environmental Protection:

Water resistant and hydrocarbon fuel and cleaning resistant

Basic Shape Style:

Rectangular

Marking Designation:

Legend 1st side

Inscription:

Computer, flight director--- dsgn act 77751 pn160c145961 contr f 33657-76-c-0034 astronautics corporation of america mfr 10138 pn 125220
date---sern 1st side

Features Provided:

Pressure sensitive adhesive tape

Color:

Black inscription background

Material:

Aluminum alloy

Material Specification:

Lloy 1145, h19 national specification single material response

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A528w0
