Width:

1.200 inches

Thickness:

0.003 inches

Length:

2.250 inches

Basic Shape Style:

Rectangular

Marking Designation:

Legend 1st side

Inscription:

Prism collimator alignment, national stock no. ---, part no. ---, ser no. ---, manufacturer ---, contract no. ---, us 1st side

Material:

Aluminum alloy

Material Specification:

Qq-a-250/1, alloy 1100 federal specification single material response

Surface Treatment:

Anodize

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A528w0
