Width:

2.000 inches

Thickness:

0.008 inches

Length:

3.000 inches

Attachment Method:

Adhesive

End Application:

An/apr-38

Basic Shape Style:

Rectangular w/rounded ends

Marking Designation:

Legend 1st side

Inscription:

Receiver, radio r-2019/apr-38 s/n cal date 1st side

Features Provided:

Pressure sensitive adhesive tape and removeable protective backing

Color:

Black, lusterless and aluminum and aluminum 1st side inscription background

Material:

Aluminum alloy

Material Specification:

Qq-a-250/1, alloy 1100 federal specification single material response

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A528w0
