Width:

1.970 inches

Thickness:

0.015 inches

Length:

2.850 inches

Basic Shape Style:

Rectangular

Features Provided:

Observation facility

Material:

Aluminum alloy

Material Specification:

Qq-a-250/11, alloy 6061, t6 federal specification single material response

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A528w0
