Width:

3.130 inches

Thickness:

0.063 inches

Length:

8.250 inches

Basic Shape Style:

Rectangular

Marking Designation:

Legend 1st side

Inscription:

Heater operation 1st side

Material:

Aluminum alloy

Material Specification:

Qq-a-250/7, alloy 5086, h32 federal specification single material response

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A528w0
