Width:

0.690 inches

Thickness:

0.030 inches

Length:

2.310 inches

Attachment Method:

Hole

Basic Shape Style:

Rectangular

Marking Designation:

Legend 1st side

Inscription:

Swing stow load 1st side

Special Features:

Material: aluminum, photosensitive, anodized, gg-p-455, type 3, composition a, class 2

Material:

Aluminum alloy

Surface Treatment:

Anodize

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A528w0
