**Width:**

3.380 inches

**Thickness:**

0.032 inches

**Length:**

8.950 inches

**Basic Shape Style:**

Rectangular w/slit tab

**Marking Designation:**

Legend 1st side

**Inscription:**

Partial description actuator, hyd servo-aileron parker aerospace hyd di. Mfr 92003 mfg part no. 2730500 mfg serial no.Mfg date contr dsgn a  
1st side

**Color:**

Nickel inscription

**Material:**

Aluminum alloy

**Material Specification:**

Qq-a-250/1, alloy 1100 federal specification single material response

**Surface Treatment:**

Anodize

**Surface Treatment Specification:**

Mil-a-8625, type 2 military specification single treatment response

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

No

**Fiig:**

A528w0

**Mil-std (military Standard):**

Mil-a-8625 spec.
