**Width:**

0.810 inches

**Thickness:**

0.040 inches

**Length:**

9.520 inches

**Attachment Method:**

Hole

**Basic Shape Style:**

Rectangular

**Marking Designation:**

Legend 1st side

**Inscription:**

Partial legend capacitance in uuf for fuel qty indicator calibration with baffled tanks outbdtankunit no.1&4 inbd tank unit no.2&3 aux tank 1st side

**Material:**

Aluminum alloy

**Material Specification:**

Qq-a-250/11, alloy 6061, t4 federal specification 1st material response or qq-a-250/11, alloy 6061, t6 federal specification 2nd material response

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

No

**Fiig:**

A528w0
