Width:

7.500 inches

Thickness:

0.062 inches

Length:

8.000 inches

Basic Shape Style:

Rectangular

Special Features:

Wording begins transportation data for launcher transporting m48a5 tank chassis

Material:

Aluminum alloy

Material Specification:

Qq-a-250/1, alloy 1100, h12 federal specification single material response

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A528w0
