Width:

4.100 inches

Thickness:

0.003 inches

Length:

7.000 inches

Attachment Method:

Adhesive

Basic Shape Style:

Rectangular

Marking Designation:

Legend 1st side

Inscription:

Partial legend min gap on loading supply sprocket film motion indicator supply tension arm film emulsion side pull back film retainer to load 1st side

Features Provided:

Pressure sensitive adhesive tape

Color:

Black inscription background

Material:

Aluminum alloy

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A528w0
