Width:

1.200 inches

Thickness:

0.020 inches

Length:

2.250 inches

Basic Shape Style:

Rectangular

Marking Designation:

Legend 1st side

Inscription:

Partial legendslip ring-hull/turret power circuit capaci type 200 amperes continuous qtr---year---age control serial no 12315881---atac part n
1st side

Material:

Aluminum alloy

Material Specification:

Qq-a-250/1, alloy 1100, h12 federal specification single material response

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A528w0
