Width:

2.250 inches

Thickness:

0.030 inches

Length:

6.250 inches

Basic Shape Style:

Rectangular

Special Features:

Wording on plate cupola assembly for tank 105 mm gun m60a1 rise passiveord corps u.S. Army cupola serial no. Mfd by race ring diameter 34.00 combat weight 2300 lbs mfd date govt acceptance, 4 holes diameter .210

Material:

Aluminum alloy

Material Specification:

Mil-p-514, comp b military specification single material response

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A528w0

Mil-std (military Standard):

Mil-p-514 spec.
