Width:

2.800 inches

Thickness:

0.007 inches

Length:

7.200 inches

Basic Shape Style:

Rectangular w/rounded ends

Features Provided:

Observation facility and solvent activated adhesive tape

Color:

Natural inscription

Material:

Aluminum alloy

Material Specification:

Qq-a-250/1, alloy 1100 federal specification single material response

Fsc Application Data:

Ky-68

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A528w0
