Width:

1.500 inches

Thickness:

0.032 inches

Length:

3.880 inches

Attachment Method:

Hole

End Application:

Tank recovery vehicle, m88a1

Basic Shape Style:

Rectangular

Inscription:

1st inscription: before installing viewer; 2nd inscription: see adjusting instructions; 3rd inscription: on lid inside stowage box 1st side

Color:

Black inscription background

Material:

Aluminum alloy

Material Specification:

Qq-a-250 federal specification single material response

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A528w0
