Width:

0.250 inches

Thickness:

0.012 inches

Length:

1.000 inches

Attachment Method:

Adhesive

Environmental Protection:

Hydraulic fluid and hydrocarbon fuel

Basic Shape Style:

Rectangular

Marking Designation:

Insignia

Features Provided:

Pressure sensitive adhesive tape

Special Features:

Polyvinyl chloride per mil-i-63ia type f grade a class 1; lamination of clear type, mirror finish; adhesive-duranyl no. 101

Color:

White inscription background

Material:

Plastic vinyl chloride

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A528w0
