**Width:**

2.000 inches

**Thickness:**

0.032 inches

**Length:**

3.620 inches

**Attachment Method:**

Adhesive

**Basic Shape Style:**

Rectangular

**Marking Designation:**

Legend 1st side

**Inscription:**

Warning-do not energize this equipment unless frame all exposed metal parts are ground 1st side

**Features Provided:**

Pressure sensitive adhesive tape

**Material:**

Aluminum alloy

**Material Specification:**

Qq-a-250/2 federal specification single material response

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

No

**Fiig:**

A528w0
