Width:

2.880 inches

Thickness:

0.032 inches

Length:

3.120 inches

Attachment Method:

Hole

Basic Shape Style:

Rectangular

Inscription:

1st inscription: torque range; 2nd inscription: low (high speed) 1st side

Material:

Aluminum alloy

Material Specification:

Qq-a-250 federal specification single material response

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A528w0
