Width:

2.000 inches

Thickness:

0.003 inches

Length:

2.170 inches

Attachment Method:

Adhesive

Basic Shape Style:

Rectangular

Marking Designation:

Legend 1st side

Inscription:

Heat exchanger hydraulic oil 1st side

Features Provided:

Heat sensitive adhesive

Color:

Natural border

Material:

Aluminum alloy

Material Specification:

Qq-a-250/1, alloy 1100 federal specification single material response

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A528w0
