Width:

0.750 inches

Thickness:

0.032 inches

Length:

4.000 inches

Attachment Method:

Hole

End Application:

4520-00-882-5945

Basic Shape Style:

Rectangular

Marking Designation:

Legend 1st side

Inscription:

1st inscription: combustion air damper; 2nd inscription: close 1st side

Special Features:

In the legend, to the right of the word close, there is an arrow pointing to the left

Color:

White inscription

Material:

Aluminum alloy

Material Specification:

Qq-a-250/1, alloy 1100 federal specification single material response

Surface Treatment:

Anodize

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A528w0
