Width:

2.000 inches

Thickness:

0.062 inches

Length:

3.000 inches

Attachment Method:

Hole

Basic Shape Style:

Rectangular

Marking Designation:

Legend 1st side

Inscription:

Interconnection device, panel, indicator, digital display pn74d040042-2001 design act76301 mfr09344 sn---- mfrno68700---- 1st side

Material:

Aluminum alloy

Material Specification:

Qq-a-250/8, alloy 5052, h32 federal specification single material response

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A528w0
