**Width:**

1.250 inches

**Thickness:**

0.020 inches

**Length:**

2.500 inches

**Attachment Method:**

Hole

**Basic Shape Style:**

Rectangular

**Marking Designation:**

Legend

**Inscription:**

1st inscription: power pack; 2nd army part no. 12010620; 3rd inscription: serial no. 1st side

**Special Features:**

4 mounting holes have a diameter of 0.093 inch; distance between hole centers along width is 1.00 inch and the distance along length is 2.25in

**Color:**

Natural inscription

**Material:**

Aluminum alloy

**Material Specification:**

Qq-a-250/1, alloy 1100, h12 federal specification 1st material response or qq-a-250/1, alloy 1100, h14 federal specification 2nd material response or qq-a-250/1, alloy 3003, h12 federal specification 3rd material response or baqq-a-250/2, alloy 3003, h14 military specification 4th material response

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

No

**Fiig:**

A528w0

**Mil-std (military Standard):**

spec.
