Width:

1.250 inches

Thickness:

0.020 inches

Length:

2.500 inches

Attachment Method:

Hole

Basic Shape Style:

Rectangular

Marking Designation:

Legend

Inscription:

1st inscription: power pack; 2nd army part no. 12010620; 3rd inscription: serial no. 1st side

Special Features:

4 mounting holes have a diameter of 0.093 inch; distance between hole centers along width is 1.00 inch and the distance along length is 2.25in

Color:

Natural inscription

Material:

Aluminum alloy

Material Specification:

Qq-a-250/1, alloy 1100, h12 federal specification 1st material response or qq-a-250/1, alloy 1100, h14 federal specification 2nd material response or qq-a-250/1, alloy 3003, h12 federal specification 3rd material response or baqq-a-250/2, alloy 3003, h14 military specification 4th material response

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A528w0

Mil-std (military Standard):

spec.
