Width:

0.750 inches

Thickness:

0.003 inches

Length:

2.500 inches

Attachment Method:

Adhesive

Environmental Protection:

Accelerated light and cleaning resistant and hydrocarbon fuel and salt spray resistant and water resistant and weather resistant

Basic Shape Style:

Rectangular

Marking Designation:

Legend 1st side

Inscription:

Power cable no. 1 9325989 1st side

Features Provided:

Pressure sensitive adhesive tape

Color:

White inscription

Material:

Aluminum alloy

Material Specification:

Ams 7292 assn standard single material response

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A528w0
