**Width:**

3.000 inches

**Thickness:**

0.003 inches

**Length:**

4.000 inches

**Attachment Method:**

Adhesive

**Basic Shape Style:**

Rectangular

**Marking Designation:**

Legend

**Inscription:**

Shipping & storage container: xm138 mine dispenser nsn-----part no. 9378331 contract no.-----mfr -----us army

**Features Provided:**

Reflective surface and pressure sensitive adhesive tape and removeable protective backing

**Color:**

White, federal standard 595, 37875 inscription

**Material:**

Aluminum alloy

**Material Specification:**

Qq-a-250 federal specification single material response

**Specification Data:**

81349-mil-p-19834 government specification

**Specification Or Standard:**

1 type or 9 size or ii style

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

No

**Fiig:**

A528w0
