Width:

7.060 inches

Thickness:

0.020 inches

Length:

9.920 inches

Attachment Method:

Hole

Basic Shape Style:

Rectangular

Marking Designation:

Legend 1st side

Inscription:

Refueling instructions warning-observe aircraft static grounding procedures insert nozzle grounding jacks. Insert one or two "partial legend"

1st side

Color:

Red inscription

Material:

Aluminum alloy

Material Specification:

Qq-a-250/2, alloy 3003, h14 federal specification single material response

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A528w0
