**Width:**

7.060 inches

**Thickness:**

0.020 inches

**Length:**

9.920 inches

**Attachment Method:**

Hole

**Basic Shape Style:**

Rectangular

**Marking Designation:**

Legend 1st side

**Inscription:**

Refueling instructions warning-observe aircraft static grounding procedures insert nozzle grounding jacks. Insert one or two "partial legend"

1st side

**Color:**

Red inscription

**Material:**

Aluminum alloy

**Material Specification:**

Qq-a-250/2, alloy 3003, h14 federal specification single material response

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

No

**Fiig:**

A528w0
