Width:

4.000 inches

Thickness:

0.020 inches

Length:

5.000 inches

Basic Shape Style:

Rectangular

Marking Designation:

Legend 1st side

Inscription:

Cylinder-nlg drag strut actuating manufactured by for lockheed georgia company marietta, georgia lac part no.---serial replac"partial legend"
1st side

Color:

Black inscription background

Material:

Aluminum alloy

Material Specification:

Qq-a-250/1, alloy 1100, h14 federal specification single material response

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A528w0
