**Width:**

1.000 inches

**Thickness:**

0.008 inches

**Length:**

3.000 inches

**Attachment Method:**

Adhesive

**Basic Shape Style:**

Rectangular

**Marking Designation:**

Legend

**Inscription:**

O1st inscription: caution; 2nd inscription: exercise care when servicing; 3rd inscription: the eca. Bus bar potential is; 4th inscription: 36 volts, with high current.; 5th inscription: read manual before servicing. 1st side

**Features Provided:**

Pressure sensitive adhesive tape and removeable protective backing

**Material:**

Aluminum alloy

**Material Specification:**

Qq-a-250/8, alloy 5052 federal specification single material response

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

No

**Fiig:**

A528w0
