Width:

1.000 inches

Thickness:

0.008 inches

Length:

3.000 inches

Attachment Method:

Adhesive

Basic Shape Style:

Rectangular

Marking Designation:

Legend

Inscription:

01st inscription: caution; 2nd inscription: exercise care when servicing; 3rd inscription: the eca. Bus bar potential is; 4th inscription: 36 volts, with high current.; 5th inscription: read manual before servicing. 1st side

Features Provided:

Pressure sensitive adhesive tape and removeable protective backing

Material:

Aluminum alloy

Material Specification:

Qq-a-250/8, alloy 5052 federal specification single material response

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A528w0
