Width:

1.000 inches

Thickness:

0.020 inches

Length:

3.000 inches

Attachment Method:

Hole

Basic Shape Style:

Rectangular

Marking Designation:

Legend 1st side

Inscription:

Partial legend: purging unit, converter liquid oxygen 1st side

Features Provided:

Reflective surface

Special Features:

Metal photo process, dull black details as shown

Color:

Black inscription background

Material:

Aluminum alloy

Material Specification:

Qq-a-250/1, alloy 1100, 0 federal specification single material response

Fsc Application Data:

LIQU-ID-OXY-GENP

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A528w0
