Width:

2.060 inches

Thickness:

0.003 inches

Length:

4.000 inches

Attachment Method:

Adhesive

Basic Shape Style:

Rectangular

Marking Designation:

Legend 1st side

Inscription:

Danger do not energize this equipment unless frame and all exposed metal parts are grounded 1st side

Features Provided:

Pressure sensitive adhesive tape

Color:

Red, federal standard 595, 21105 inscription background

Material:

Aluminum alloy

Material Specification:

Qq-a-250/1, alloy 1100 federal specification single material response

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A528w0
