Width:

1.515 inches

Thickness:

0.003 inches

Length:

3.000 inches

Attachment Method:

Adhesive

Basic Shape Style:

Rectangular

Marking Designation:

Legend 1st side

Inscription:

Name motor, d.C. Rpm 5400 volts 28 amp 25 for use on 28 volt dc system duty inter 3 min on followed by 30 min rest. Serial no."partial legend" 1st side

Features Provided:

Pressure sensitive adhesive tape

Criticality Code Justification:

Abgl and aybm

Color:

Black inscription background

Material:

Aluminum alloy

Material Specification:

Qq-a-250/1, alloy 1100 federal specification single material response

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A528w0
