Width:

1.515 inches

Thickness:

0.003 inches

Length:

3.890 inches

Attachment Method:

Adhesive

Basic Shape Style:

Rectangular

Marking Designation:

Legend 1st side

Inscription:

Name actuator, ball screw serial no.---date---fscm/part no.81817-18390 contract no.Daae07-88-c-j107 hoover electric co., los "partial legend"
1st side

Features Provided:

Pressure sensitive adhesive tape

Criticality Code Justification:

Abgl and aybm

Color:

Black inscription background

Material:

Aluminum alloy

Material Specification:

Qq-a-250/1, alloy 1100 federal specification single material response

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A528w0
