Width:

10.500 inches

Thickness:

0.050 inches

Length:

20.000 inches

Attachment Method:

Hole

Basic Shape Style:

Rectangular

Marking Designation:

Legend 1st side

Inscription:

Operation and precautionary information high pressure building accumulator pressure 1. Build pressure in storage tank if pg1 r"partial legend" 1st side

Color:

Natural inscription

Material:

Aluminum alloy

Material Specification:

Qq-a-250/2, alloy 3003, h14 federal specification single material response

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A528w0
