Width:

0.632 inches

Thickness:

0.040 inches

Length:

6.594 inches

Attachment Method:

Adhesive

Basic Shape Style:

Rectangular

Marking Designation:

Legend 1st side

Inscription:

3: pull here to open 1st side

Features Provided:

Reflective surface and removeable protective backing and pressure sensitive adhesive tape

Special Features:

Includes a red plastic lens attached on plate which covers completely to reflect cut through inscription; aircraft model hu25a cornice installation

Color:

Red inscription background

Material:

Aluminum alloy

Material Specification:

Qq-a-250/5, alloy alcaId 2024, t3 federal specification single material response

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A528w0
