**Width:**

Between 1.000 inches and 1.020 inches

**Length:**

Between 3.010 inches and 3.020 inches

**End Application:**

H7d71a engine

**Basic Shape Style:**

Rectangular

**Marking Designation:**

Legend single side

**Inscription:**

Insulation test 50v dc max; caution; continuity test 1.5v dc maximum single side

**Color:**

Red inscription background

**Material:**

Aluminum alloy

**Material Specification:**

Qq-a-250/11, alloy 6061, t4 federal specification single material response

**Surface Treatment:**

Anodize

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

No

**Fiig:**

A528w0
