Width:

Between 1.000 inches and 1.020 inches

Length:

Between 3.010 inches and 3.020 inches

End Application:

H7d71a engine

Basic Shape Style:

Rectangular

Marking Designation:

Legend single side

Inscription:

Insulation test 50v dc max; caution; continuity test 1.5v dc maximum single side

Color:

Red inscription background

Material:

Aluminum alloy

Material Specification:

Qq-a-250/11, alloy 6061, t4 federal specification single material response

Surface Treatment:

Anodize

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A528w0
