Width:
Between 1.000 inches and 1.020 inches
Length:
Between 3.010 inches and 3.020 inches
End Application:
H7d71a engine
Basic Shape Style:
Rectangular
Marking Designation:
Legend single side
Inscription:
Insulation test 50v dc max; caution; continuity test 1.5v dc maximum single side
Color:
Red inscription background
Material:
Aluminum alloy
Material Specification:
Qq-a-250/11, alloy 6061, t4 federal specification single material response
Surface Treatment:
Anodize
Shelf Life:
N/a
Unit Of Measure:
Demilitarization:
No
Fiig:
A528w0
