Width:

4.500 inches

Thickness:

0.032 inches

Length:

3.500 inches

End Application:

Agm-45 shrike

Basic Shape Style:

Square w/rounded corners

Features Provided:

Observation facility

Material:

Aluminum alloy

Material Specification:

Qq-a-250/11, alloy 6061, t6 federal specification single material response

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A528w0
