Width:

12.000 inches

Thickness:

3.062 inches

Length:

7.500 inches

Lamp Type:

Light emitting diode

Mounting Feature Type:

Bracket and surface

Design Shape:

Rectangle

Mounting Surface Location:

Top

Inscription:

Exit

Features Provided:

Legend and symbol and reflective surface and embossed inscription

Color:

White inscription background

Material:

Plastic and aluminum alloy

Material Specification:

Qq-a-250/8, alloy 5052, h32 federal specification 1st material response

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A528r0
