Width:

Between 1.300 inches and 1.330 inches

Thickness:

0.025 inches

Length:

Between 2.500 inches and 2.530 inches

End Application:

M109a6 sp howitzer

Basic Shape Style:

Rectangular

Marking Designation:

Legend

Inscription:

Power conditioner unit dsgn act 19200 mfr pn12561743 rev contract nsn ser no us

Color:

Black inscription background

Material:

Aluminum alloy

Material Specification:

Qq-a-250/1, alloy 1100 federal specification single material response

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A528w0
