Width:

1.250 inches

Thickness:

0.003 inches

Length:

1.600 inches

End Application:

Pacer dawn

Basic Shape Style:

Rectangular

Inscription:

Partial legend this equipment contains parts and assemblies subject to damage by environmental field forces. Do not ship or store near strong electro static, electro-magnetic, magn single side

Special Features:

Original name - label, adhesive, aluminum, (caution-sed)

Material:

Aluminum alloy

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A528w0
