Width:

3.615 inches

Thickness:

0.031 inches

Length:

3.980 inches

Attachment Method:

Hole or slot

Basic Shape Style:

Rectangular

Marking Designation:

Legend

Inscription:

Test fixture stowage

Special Features:

Four 0.140 in dia. holes forming a rectangular pattern spaced 0.812 in from edge, 2.000 in on centers along width, and 0.250 in from edge, 3.500 in on centers along length; four slots 0.655 in dia. forming a rectangular pattern located 0.560 in from center radius to edge, 2.875 in on centers along length, and 0.250 in from edge to center of radius, 3.125 in between centers along width; marking shall be photoengraved with bright aluminum characters per ss9048

Color:

Black inscription background

Material:

Aluminum alloy

Material Specification:

Alloy 6061, t6 national specification single material response

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A528w0
