Width:

1.500 inches

Thickness:

0.025 inches

Length:

1.950 inches

End Application:

C130j

Basic Shape Style:

Rectangular

Features Provided:

Observation facility

Product Name:

Nameplate-open door warning

Material:

Aluminum alloy

Material Specification:

Qq-a-250/2 federal specification single material response

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A528w0
