Width:

1.530 inches

Thickness:

0.030 inches

Length:

2.160 inches

Attachment Method:

Adhesive

End Application:

F18, c15, hornet aircraft

Basic Shape Style:

Rectangular

Features Provided:

Pressure sensitive adhesive tape

Product Name:

Gearbox identification plate

Color:

Black inscription

Material:

Aluminum alloy

Material Specification:

Qq-a-250/1, alloy 1100, h14 federal specification single material response

Fsc Application Data:

Gearbox

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A528w0
