Diameter:

2.500 inches

Attachment Method:

Hole

End Application:

FUEL-PU-MP,-600G

Basic Shape Style:

Round

Marking Designation:

Legend

Inscription:

Auxiliary unit tank off

Product Name:

Plate, fuel line

Special Features:

Anodize or etch to produce natural metallic colored markings with a dark colored background to conform to mil-p-514 type 3, composition g (gg-p-455 type optional, grade 3, class 1); item has center apereture 1.100 , 1.140 ; item has two holes 0.280

Color:

Natural inscription

Material:

Aluminum alloy

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A528w0
