Width:

3.800 inches

Thickness:

Between 0.005 inches and 0.025 inches

End Application:

5895-01-476-4132

Inscription:

Caution

Product Name:

Plate caution metallic

Special Features:

Inscription, caution 208 vac/24 vdc disconnect main power cable, located at the rear of the shelter and the truck slave cable located on the curb side of the cab before removing this panel, caution to remove to store phone prior to transit

Color:

Yellow inscription

Material:

Aluminum alloy

Material Specification:

Ms-7292 assn standard single material response

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A528w0
